

Could a lifetime of bad decisions by Women be the result of their Fathers' NOT having eye contact with them at the dinner table?

The Relationships between Fathers and Daughters Have a Deeper Influence than Most People Realize

For WOMEN: Could this be the "Missing Link" to a Happier Life?

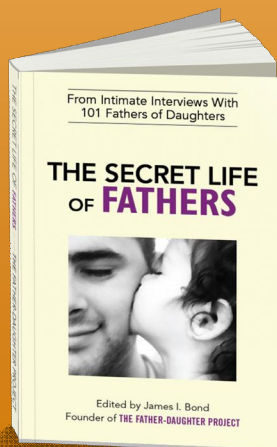

For MEN: Here's a Powerful Secret to Understanding Women!

After running a behavioral management firm for 13 years working with Fortune 500 companies, James I. Bond discovered his relationship with his middle daughter wasn't as great as he thought.

To figure out how to be a better dad, he interviewed 101 fathers of daughters on intimate 2-hour recorded calls.

What he discovered was more profound than he expected, and led to the groundbreaking book, "The Secret Life of Fathers."

Filled with quotes and stories from these fathers, it's like "eavesdropping on men sharing their personal feelings about their daughters ... when no woman is in the room."
